

If you are . . .

- A freshman, sophomore, junior, senior or advanced degree student
- Majoring or minoring in business, finance, STEM or related field
- Interested in technology or finance - or both!
- And use money

You should attend this presentation.

- You will find it fascinating
- And interactive
- And you may find your dream job
- **Guaranteed:** dinner and a \$10 Starbucks gift card

“The Fintech Talk”

Led by **Adam Carson**, Head of Digital Partnerships at JP Morgan Chase, and alongside **Stanford alumni** we will be presenting on the Financial Technology industry: the current landscape, the future of Fintech and the role JP Morgan Chase plays within the industry. We will also discuss our internship and graduate training programs, specifically our Tech Connect Program - designed for STEM majors interested in technology. And we will field questions to ensure you have the opportunity to receive some of the most thoughtful and insightful answers available from the profession.

Again, if you have a background in **computer science, business or finance** you should attend this presentation. If you are a **math or mechanical engineering major**, we have fantastic opportunities available for you.

And lastly, we want to help you study and take on this semester: **if you attend and register you will receive a \$10 Starbucks gift card**; we'll also raffle an **Amazon Echo** for one very lucky attendee.

Date: Wednesday, January 25

Time: 6:30PM – 8:00PM EST

Location: BEAM, 563 Salvatierra Walk, Stanford University

(<https://beam.stanford.edu/about-us/contact-us>)

Food: Will be provided, so come hungry

Format: Presentation, followed by general Q&A then networking

We've got space for your talent.

Over 200 petabytes of it.

Your career. Your way.
