TITLE: Trader

DUTIES: This position will report to the Head Trader as a member of the Thiel Macro Trade Execution team. The ideal candidate should have strong quantitative skills, an analytical mindset, and work well on a team.

RESPONSIBILITIES:

- Executing derivatives trades across all asset classes on behalf of Thiel Macro's portfolio managers
- Sizing outright & options trades in the currency, fixed income, equity, and commodity markets
- Tracking and reporting the performance and risk of Thiel Macro positions
- Analyzing and modeling global economic data to develop and present trade ideas for the larger fund
- Performing original research on macro-related topics for presentation to fund managers

REQUIREMENTS:

- Strong work ethic, communication, analytical, and time management skills
- Intellectual curiosity and interest in all aspects of trading and global macro investing
- Ability to manage detail-intensive activities in a high-pressure environment
- Prior experience trading or participating professionally in global capital markets is valued but not required

COMPENSATION:

This is a full time position with a competitive salary, bonus opportunities and a comprehensive benefits package. Benefits include health, dental, vision, and 401(k) match. Other benefits may apply.

HOW TO APPLY:

Please send a resume by email, with "Trader Position" in the subject line, to Vanessa Ilario vilario@thielcapital.com.
